

PalPharmaHoist™

Systems for Discharging, Docking, Feeding, Tipping, Pouring and Blending of products in IBC's, Drums and Supersacks

Experience seamless lifting and lowering operations with PalPharmaHoist™. Engineered for reliability and safety, these hoists provide effortless handling of heavy loads, enhancing operational efficiency in pharmaceutical and industrial settings.

Product information

Typical applications:

- ✓ Discharging product from drum, IBC or FIBC into receiving vessel at high or low level
- ✓ Docking drum, IBC, sack or bag onto Isolator or Tipping Station
- ✓ Feeding packaging lines
- ✓ Docking split butterfly valves together with minimal downward force on the receiving half of the valve or the supporting structure
- ✓ Can be used in conjunction with a discharge squeeze funnel for high containment product transfer and sterile applications
- ✓ Platform lifts for pallets and trolleys to mezzanine levels or additional floor levels

Features and benefits:

- No hydraulics
- Suitable for up to 16000mm vertical stroke and 2000m reach
- UK design and manufacture with
- CE/LOLLER approval
- Ball screw motor gearbox with failsafe
- Centrifugal over speed mechanical safety lock
- Designed to be free standing with no top support
- PLC or pneumatic controls
- Speeds up to 8m per minute

End Effectors

- ✓ **Platform Lift** - Product transportation platform for pallets & IBCs
- ✓ **Forks** - For lifting IBCs, features weighing system
- ✓ **Drum Grip or Clamp** - For side gripping drums, features 180° inversion
- ✓ **Squeeze Cone** - For dust-tight powder handling and transfer, 180° inversion

Mast Options

- ✓ **Fixed Base** - Fixed in place by resin anchor bolts
- ✓ **Manual Slewing Base** - With manual lock/unlock
- ✓ **Powered Slewing base** - Pneumatic or electrically powered

Why Trust Palamatic For Quality Material Handling Equipment?

Rely on Palamatic for top-tier material handling equipment and an unwavering commitment to quality and innovation. With a track record of delivering exceptional solutions, we stand out as a trusted provider in the industry.
